

# Year End Report 2002

## Legislative Liaison Unit

The San Bernardino County Sheriff's Department Legislative Liaison Unit once again reviewed every piece of legislation introduced at the State Capitol. This totaled over 5,000 bills. We have found that of this large number of bills over the two-year session that each year there were over 600 pieces of legislation that had potential impacts on either operations, or training issues for the law enforcement profession. The Legislature went into recess on August 31, 2002, sending hundreds of bills to the Governor's desk. Many of these bills had never been heard in a public-policy hearing or for that matter, had a reasonable floor debate due to late night, backroom amendments and deals that saw bills change character overnight. In spite of the difficulties these backroom actions posed we monitored all these bills and provided appropriate input.

The State reeling from a difficult budget year having gone from a \$10-billion surplus to a \$24-billion deficit saw many law enforcement programs put on the chopping blocks. Working together with law enforcement advocates from other agencies from throughout the State, we were able to retain full funding for the Citizens' Option for Public Safety money, commonly referred to as COPS. We were also able to receive money for additional technology and of great interest we were able to retain the \$1 per vehicle registration fee, which is used to fund our Cal ID and Inland Empire Regional DNA Laboratory. These three issues were critical for the ongoing operations of the Sheriff's Department and also police agencies throughout San Bernardino County. We were also fortunate to extend the wiretap legislation, which was set to expire this year. This legislation was critical to all law enforcement agencies, in light of the terrorist attacks.

The current law on DNA collection from convicted felons had a fatal flaw in that it was only a misdemeanor to not comply with the law. Working with Senator Brulte and Assembly Member Jay La Suer, our office supported Assembly Bill 1242 and Senate Bill 2105, which allows the use of reasonable force to collect DNA evidence and expand the list of crimes requiring DNA samples. It is believed that by collecting this evidence from these convicted felons, we will be able to clear numerous cases throughout the State and bring closure for many victims of these horrific crimes.

The Legislative Liaison Unit was very successful in defeating several bad pieces of legislation during this legislative session, as well as having our destructive device bill passed by the Legislature and signed by the Governor which will allow our Arson & Bomb Unit to destroy destructive devices instead of having to transport them to the Department of Justice which could be extremely dangerous to both the public and to our officers.

It is important to note that the Legislative Liaison Unit could not have been nearly as successful as we have been without the support of our clerical staff and the men and women of the Legislative Review Committee. These individuals are all subject matter

experts in everything from traffic to domestic violence and their input, knowledge, and ability to put into real world situations proposed legislation so that we may communicate this to the Legislature is invaluable.

Once again, the Legislative Liaison Unit has placed on the STARLINK webpage, the complete legislative report of all legislation affecting law enforcement which was signed into law and which will take effect either upon the date of signing (urgency measures) or January 1, 2003. Individuals with access to the Internet can view the entire county sheriff's legislative report on the World Wide Web at <http://www.co.san-bernardino.ca.us>. This file can be downloaded into different formats.

CA AB 47      AUTHOR:    Simitian

TITLE: School Finance:Juvenile Court Schools

INTRODUCED: 12/04/2000

ENACTED: 09/13/2002

CHAPTER: 519

SUMMARY:

Relates to the method for making computations to determine the revenue limits for juvenile court school programs operated by county superintendents of schools. Requires a cost of living adjustment to be made to revenue limits for these schools.

STATUS:

09/13/2002 Signed by GOVERNOR.

09/13/2002 Chaptered by Secretary of State. Chapter No. 519
